Greta Rosenhagen, Miss Kansas Angus

Accommodations

Wichita Airport Hilton, 2098 Airport Rd., Wichita . (316) 945-5272
(30 minutes east of ranch)
Holiday Inn Express, 1236 S. Dugan Rd., Wichita (316) 522-0008
Budget Host Motel, 1113 E. Hwy 54, Kingman... (620) 532-3118
(10 minutes west of ranch)
Baymont By Wyndham, 704 Allison, Pratt (620) 672-9999
(45 minutes west of the ranch)
or contact Gordon Stucky, (620) 532-4122

Food

Presale food and refreshments at the ranch, Tuesday evening 6:00 p.m. A complimentary lunch will be served on sale day starting at 11:30.

Liability

All persons attending the sale do so at their own risk. The owners or sale staff assume no liability for property loss or accidents that may occur.

Sale Location

421 NE 70 Avenue, Kingman, KS. The sale will be held at Stucky Ranch headquarters which is located 6 miles east of Kingman on U.S. Highway 54 to 70th Avenue Exit, then 1 mile south. (See map on page 56)

Inspection of the cattle

The sale cattle and the cowherd are available to be seen anytime at the ranch. Please call ahead if possible.

Special Thanks

Photography - Martin Ufford and Jeff Mafi
Videography - Lori Brown

Terms and Conditions

Settlement should be made on your purchase at the conclusion of the sale. Cattle will not be released from the sale premises until payment is received in full. Purchaser assumes the risk of death or injury to their livestock immediately after the animal is sold. Insurance is available to insure the animal until delivery to the buyer's ranch, at the buyer's cost. Stucky Ranch will provide health certificates for interstate shipment to any of the lower 48 states. Any other health related testing not required on the health certificates will be the responsibility of the buyer and will not impede the sale of the animal. Cattle sell under the standard terms and conditions as recommended by the American Angus Association. Stucky Ranch reserves the right to retain a 1/3 revenue sharing interest in all bulls selling. Any bulls in which a 1/2 revenue sharing interest is being retained will be announced prior to their selling.

Delivery & Discounts

Bulls will be delivered to your ranch, free of charge, anywhere in Kansas and the bordering states of Oklahoma, Missouri, Nebraska, and Colorado. Bulls purchased outside of this area will be delivered to your ranch or a reasonable drop off point FOB. Four bulls or more purchased by one buyer will receive a 5% discount off the total sale price. Pick up your bulls on sale day and receive a \$25 per bull discount.

A purchase of 10 or more heifers by one buyer will earn free delivery anywhere in Kansas and bordering states. A purchase of 10 or more heifers by one buyer will also earn a 5% discount off the total sale price. Purchases of less than 10 head of heifers to one buyer will be delivered to your ranch or a reasonable drop off point FOB.

Breeding Guarantee

All bulls sold through the sale are guaranteed to be satisfactory breeders for the first breeding season following the sale. All bulls selling have been semen evaluated, scrotal measured and given a breeding soundness exam by Dr. Chad Hommertzhaim, Heartland Veterinary Clinic. If a reproductive problem is identified, contact us immediately and a replacement bull will be provided if available. Or a sale credit equal to the animal's purchase price minus \$2,500 will be issued for the replacement of one animal. This guarantee does not cover illness or death to the animal. There will be livestock mortality insurance available on sale day at the settlement table at the buyer's expense.

EPD's

EPD's included in the catalog are based on the Spring 2026 American Angus Association Sire Evaluation Report. EPDs are current as of 2/03/2026.

Reference Sires

Exponential was produced in the Knoll Crest Farm herd in Virginia, and brings total outcross genetics to the Stucky herd. With over 3000 progeny on record, Exponential possesses a proven combination of calving ease with top 10% weaning and yearling performance in a tick larger frame package. He ranks in the top 10% for Carcass Weight and Marbling for producers selling on a grid formula. His sons will be wise choices for progressive commercial beef production. ST Genetics

Few sires in our history have exceeded our progeny expectations like Historic. Historic bull and heifer progeny are dominating our sire groups with respect to calving ease and superior performance, foot quality, disposition, and structural soundness. His projections for carcass merit along with teat and udder quality seamlessly blend a total package value rarely seen in current Angus sires. He ranks in the top 10% or higher for \$Maternal, \$Beef, and \$Combined.

Dynamic has emerged as the Growth Fund son everyone has been looking for! Superior to his sire in calving ease, heifer pregnancy, and marbling; Dynamic sons will take your herd to a new level of superior beef production. Dynamic progeny are easy fleshing and efficient in their design. Our Dynamic daughters are "just right" in size and body capacity, and have picture perfect udder quality. A unique sire to be used heavily in heifer breeding projects. ABS

Kindred was the \$180,000 selection of ST Genetics from our long-time friends and customers, the Darrell Kaiser family, at Park, KS. Kindred's pedigree stacks several of the proven high marbling and ribeye sires in the industry. Combining a top 25% \$Maternal along with top 2% \$Beef and \$Combined indexes, he brings superior value for our customers selling on a high quality meat grid while maintaining a sound phenotype for heifer retention. True Grit is becoming one of the widely used sons of the popular ABS proven sire Square B True North. Being produced by the Stevenson family in Montana, we selected True Grit to solidify our vision of calving ease combined with top maternal genetics that also meet our goals for carcass quality. True Grit ranks in the top 10% of the breed for marbling, ribeye, PAP scores, and Hair Shedding. ABS

Reference Sires

Gemstone was purchased by the Select Sires AI stud from the 2023 Stucky Ranch Production sale. Descending from the highly regarded Connealy Emerald, he is carrying forward the traits of superior body capacity and fleshing ability from his sire. Gemstone progeny are the next level up in performance, with his calves coming in on the top end of weight and dimension in their contemporary groups. Look for his daughters to excel in fleshing ability, foot quality, and show superior udder structure.

Bull Development

Feeding:

Bulls are gathered at weaning time (6-9 months of age) and brought to the ranch headquarters. A complete health vaccination and parasite control program is followed. Bulls are tattooed in the right ear and freeze branded for individual identification. A hot brand is used for ranch brand. Bulls are sorted into feeding pens by sire group and size, and grown during the summer at the ranch feeding facility. The bulls are kept at the ranch feeding facility until sale time. A high forage diet consisting of free choice crabgrass hay is provided. A 15% protein ration is bunk fed throughout the feeding period and adjusted to keep bulls growing well, with a 3#/day gain target. Extreme care is taken to develop a bull that is in very athletic condition and results in many years with breeding longevity.

Breeding Soundness Exam:

Within 45 days prior to the sale, Dr. Chad Hommertzheim, Heartland Veterinary Clinic, performs a BSE on all bulls. A semen sample is collected and evaluated to determine motility and morphology. Dr. Hommertzheim performs a physical exam and a scrotal measurement is taken.

Targeting the Certified Angus Beef Brand

Stucky Ranch has made it easy for you to identify the bulls in this sale offering which target the CAB quality specification (Modest Choice or higher marbling degree). The bulls with the Targeting the Brand logo by their pedigree have a greater genetic potential to produce calves meeting the most challenging specifications of the *Certified Angus Beef* brand. These bulls meet or exceed the genetic requirements of +0.65 Marbling EPD and +55 Dollar Grid (\$G) as established by *Certified Angus Beef*. For more information on the CAB program, please visit www.CAB-cattle.com

Vaccinations:

2 months – Nasalgen 3 PMH, Vision 8

Weaning day – Nasalgen 3 PMH, Vision 8, Safeguard dewormer, Ivomec

Booster – Vista Once

Yearling heifers – Vira Shield 6 VL5, Ultra Boss

Bulls (30 days prior to sale) – StayBred VL5, Clean Up II

Sight Unseen Purchase Guarantee

Buyers unable to attend the sale please contact Gordon Stucky (620) 532-4122, Jeff Mafi (816) 344-4266, Matt Caldwell (913) 755-1105 or any of the field staff prior to the sale. Please call at least 24 hours prior to the sale, let us know your purchase needs and budget range, and we will assist you in purchasing the breeding stock that is the best fit for your operation. After the sale we will inform you of cattle purchased and make arrangements for payment and delivery. 100% satisfaction is guaranteed at your inspection upon arrival. Full payment is required before delivery.

Recommended for heifers.

EPD (Expected Progeny Differences) are the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database of the American Angus Association. EPDs are expressed in units of measure for the trait, plus or minus. Every animal selling in Stucky Ranch sales have EPDs which have been genomically enhanced from individual genomic tests being added to the base pedigree index EPD values. Also, every animal selling in Stucky Ranch sales have the highest accuracy carcass EPDs possible. This is resulting from individual carcass ultrasound data in large contemporary groups processed by the American Angus Association.

CED (Calving Ease Direct) is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

BW (Birth Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW (Weaning Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YW (Yearling Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

SC (Scrotal Circumference EPD), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk (Maternal Milk EPD), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. The part of a calf's weaning weight attributed to mother's milk.

CW (Carcass Weight EPD), expressed in pounds, is a predictor of the difference in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marb (Marbling EPD), expressed as a fraction of the differences in the USDA marbling score of a sire's progeny compared to progeny of other sires.

RE (Ribeye Area EPD), expressed in square inches, is a predictor of the difference in the ribeye area of a sire's progeny compared to progeny of other sires.

Fat (Fat Thickness EPD), expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

Doc (Docility EPD) is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility.

HP (Heifer Pregnancy EPD) characterizes differences among sires for the daughter's heifer pregnancy. Reported in units of percentage, a higher EPD sire would be expected to have daughters with a greater probability of becoming pregnant than a sire with a lower EPD.

\$Maternal Weaned Calf Value (\$M), an index expressed in dollars per head, predicts profitability differences from conception to weaning. \$M traits include calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

\$Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for pre-weaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

\$Grid Value (\$G), an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

\$Beef Value (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

\$Combined Value (\$C), an index expressed in dollars per head, includes all 15 traits involved in \$M and \$B. \$C aims for maximum profitability with cowherds that retain some heifers for replacements, but retain ownership on cull heifers and all steers through the feedlot and sell on a quality based carcass grid.

Production Measurements:

BW – Actual birth weight taken day of calving.

205 – Weaning weight adjusted to 205 day equivalent and dam's age.

365 – Yearling weight adjusted to 365 day equivalent.

Hip ht. – Actual hip height taken at yearling and adjusted to 365 day equivalent.

SC – Scrotal circumference measured to the nearest 0.5 centimeter and adjusted to 365 day equivalent.

Disposition Score – Each animal has been evaluated numerous times throughout the growing period and has been assigned a numerical score for disposition. We eliminate animals from our system that are too nervous to be manageable in most any operation. However, we caution that when one animal is taken from a large group and put by itself it will usually not have a relaxed attitude.

- | | |
|--------------|---------------------|
| 1 = Docile | 4 = Flighty |
| 2 = Restless | 5 = Aggressive |
| 3 = Nervous | 6 = Very Aggressive |

Dam Udder Score – The dam has been evaluated for udder quality the day of calving, and has been assigned a two part score for teat size and udder suspension. Teat size is listed first, then udder suspension.

Teat Size	Udder Suspension
1 – Very Large	1 – Very Pendulous
2	2
3 – Large	3 – Pendulous
4	4
5 – Intermediate	5 – Intermediate
6	6
7 – Small	7 – Tight

Delivery & Discounts

Bulls will be delivered to your ranch, free of charge, anywhere in Kansas and the bordering states of Oklahoma, Missouri, Nebraska, and Colorado. Bulls purchased outside of this area will be delivered to your ranch or a reasonable drop off point FOB. Four bulls or more purchased by one buyer will receive a 5% discount off the total sale price. Pick up your bulls on sale day and receive a \$25 per bull discount.

A purchase of 10 or more heifers by one buyer will earn free delivery anywhere in Kansas and bordering states. A purchase of 10 or more heifers by one buyer will also earn a 5% discount off the total sale price. Purchases of less than 10 head of heifers to one buyer will be delivered to your ranch or a reasonable drop off point FOB.

Glossary for Sale Animal Data

We have developed a scoring system to help you successfully purchase bulls best suited for the needs of your herd. The EPD system is the most reliable format to help identify the genetic merit of beef animals. However, it can be somewhat overwhelming to fully understand. To aid in your bull selections, we designed a simple scoring system on a scale of 1 to 10, with 1 being undesirable and 10 being most desirable for a particular trait. We have detailed below the considerations for each trait and what impacts the final score a bull achieves for each of the four economically relevant traits. While we recommend the study of all the data we present on each bull, this scoring system is meant as an aid to confirm the best bulls to achieve your goals, with your herd, in the beef industry.

CALVING EASE

PERFORMANCE

REPLACEMENT FEMALES

CARCASS TRAITS

CALVING EASE

Bulls with a score of 8-9 will be suitable for use on yearling heifers. These bulls have “Recommended for heifers” below the trait box. Considerations for this score include: Calving Ease Direct EPD, DNA profile scores for calving ease and birth weight, CED and BW EPDs from the sire and dam of the bull. This system has been used successfully by many customers achieving nearly 100% unassisted calving rates from large groups of heifers. Bulls with a score of 7 are fine to use on cows, but not initially recommended for use on heifers. In our breeding program, we avoid the use of higher birth weight EPD sires and dams to keep consistent calving ease and avoid the occasional extreme heavy birth weight calf. Herd management of the females in the weeks prior to calving can also play a significant role in the calving ability of a first calf heifer.

PERFORMANCE

Bulls with a score of 9 rank in the top 35% for yearling weight EPD in the National Cattle Evaluation database for non-parent Angus bulls. They will sire more pounds of beef whether selling at weaning or yearling. Bulls with a score of 8 rank in the top 50% for yearling weight EPD. These bulls also score well in genomic testing to help confirm their breeding value. Our goal is to use top performance bulls in the Angus breed, yet stay in the mid-range percentiles for frame size. This is important when retaining females that will peak at yearling and then maintain a moderate mature size with superior body capacity and fleshing ability. It's not how big they get, it's how quick they get big enough.

REPLACEMENT FEMALES

Bulls with a score of 9 have a \$Maternal Weaned Calf Value (\$M) in the top 35% of the NCE for non-parent Angus bulls. \$Maternal combines the EPD traits of Calving Ease Direct, Weaning Weight, Calving Ease Maternal, Milk, Mature Weight, Docility, Heifer Pregnancy, and Foot quality into one selection tool. \$Maternal aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent in today's production. The udder quality of the bull's dam is also factored into our score. The dam must score an 8 or higher on teat size and udder suspension for the bull to score a 9 in our trait score system. Our goal is superb udder quality in your replacement females.

CARCASS TRAITS

Bulls with a score of 9 have a \$Grid Value ranking in the top 35% of the database for non-parent Angus bulls. Bulls with a score of 8 must rank in the top 50% for \$Grid Value. \$Grid Value is expressed in dollars per carcass. It is the difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires. Investing in superior carcass genetics pay the producer if you retain ownership and sell them on a quality grid. Bulls identified with the Certified Angus Beef Targeting the Brand logo also helps give cattlemen the genetic ability to strive to produce cattle which qualify and receive the carcass premium meeting CAB specifications.

Dear Friends,

Welcome to our 33rd Annual Production Sale. On behalf of the entire Stucky family, we invite you to join us on March 11 for an outstanding set of 129 age advantaged Registered Angus bulls and 78 herd building females.

We're all living through a rare moment in the beef business—strong markets, strong demand, and a consumer who continues to choose high quality beef. As someone who has spent a lifetime in the American Angus Association and Certified Angus Beef programs, it's been rewarding to see more than 1.2 billion pounds of CAB product sold across the U.S. and 55 other countries in 2025. For producers who have focused on breeding cattle that hit the mark for quality, it's been a year that proves the value of disciplined selection.

At Stucky Ranch, we're committed to pushing our breeding program even further. We believe a great Angus cow should be the natural result of our selection goals—not an accident. The American Angus Association's tools for \$Maternal selection have allowed us to emphasize the traits that matter most: calving ease, weaning weight, milk, heifer pregnancy, docility, mature cow size, and foot quality.

As ranchers, we no longer have to choose between maternal strength and carcass merit. The real opportunity is in combining both—building cows that work for you every day while producing calves that fit today's high quality beef market. The progress being made in this direction is exciting, and we're proud to contribute our small part to it.

Of the bulls selling this year, 93% meet the Certified Angus Beef Targeting the Brand® specifications, and 100% of the registered females do as well. 74% of the bulls rank in the top third of the Angus database for \$Combined Value, along with 86% of the registered heifers. Depth, quality, and consistency run throughout this offering.

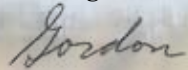

As you study the sale cattle, our website will feature a sortable Excel spreadsheet with every EPD, \$Value, and performance measure—making it easy to sort and identify the cattle that best fit your program. Individual lot videos will be available after March 1 on our website and on DV Auction. If we can help you sort through the data or talk through your bull needs, please don't hesitate to reach out.

We're blessed with a crew that keeps this place running. Nic Lampe continues to do an outstanding job day in and day out. Our day help crew—Scott L., Blaine, Jerry, Scott H., and Randy—are appreciated more than they know. We're also mindful that we're only caretakers of God's creation, and we hope to leave it better than we found it.

Sale cattle will be penned for viewing on Tuesday by 3 p.m., followed by our steak supper at 6 p.m. Sale day viewing begins at 10 a.m., with a beef lunch at 11:30, and the sale starting promptly at 1 p.m.

Thank you to all our past customers for your continued trust and support. We look forward to visiting with you and meeting new friends on sale day.

Best regards,

Gordon

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating our cattle with AngusLinkSM programs: the Genetic Merit ScorecardSM and AngusVerifiedSM.

ANGUSLINK
**GENETIC
MERIT
SCORECARDSM**

The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

**ANGUS
VERIFIEDSM**

AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day.

Users of AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

ANGUSLINKSM
VALUE ADDED PROGRAMS

MARKETING OPPORTUNITIES FOR STUCKY RANCH SIRED CALVES

AUCTION MARKETS

The auction market system has been the mainstay of commercial marketing for decades. These three outfits have sold significant numbers of Stucky Ranch sired calves and are very familiar with our genetics and how they perform. They appreciate all of the information you can provide regarding calf vaccination history, genetics of current sires, and recent management practices. This helps them market your stock to its full potential.

Pratt Livestock Pratt, Kansas

Jake Lewis: 620-672-5961 or 620-770-1069

Farmers and Ranchers Livestock Comm. Co. Salina, Kansas

Mike Samples: 785-825-0211 or 785-826-7884

Gates Family Sales Anthony, Kansas

Jay Gates: 620-842-3757 or 620-243-2846

Superior Livestock Progressive Genetics

Stucky Ranch participates with Superior Livestock Auctions in their Progressive Genetics program to designate your calves sired by Stucky Ranch bulls with our ranch logo when selling load lots. This is a no cost, value added program for customers with top quality genetics to help make a positive impact on your bottom line!

Open Replacement Heifer Marketing

Contact us when marketing replacement heifers by private treaty off your farm or ranch. We have developed relationships with potential buyers for Stucky sired first-cut replacement heifers that have had a good vaccination protocol, weaned 90 days, and grouped by size.

KAA PRATT COMMERCIAL FEMALE SALE

First Saturday in December at
Pratt Livestock, Pratt, Kansas

Gordon Stucky and Jake Lewis, co-chairmen
This Kansas Angus Association sponsored sale is designed to give users of Angus genetics the opportunity to showcase commercial Angus pairs, bred cows, bred heifers and open heifers.

RETAINED OWNERSHIP

We have developed a working relationship with the following feedyards because they really appreciate feeding and marketing high quality Angus genetics, and have experience feeding Stucky Ranch sired calves. These companies are flexible with programs that would partner with you on feeding and marketing your calves. This returns valuable data to you regarding the current feeding performance and carcass quality of your calves with the opportunity for marketing premiums.

Recommended for heifers.

We strive to produce a set of bulls and heifers that the last one looks very similar to the first one. Consistency in the commercial cattle industry pays huge dividends vs. variability in type and kind.

Don't buy an imposter.

Not all "Angus" bulls are **REGISTERED** Angus bulls.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of **data, programs** and **pedigrees** of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the **REGISTRATION NUMBER**.
 For more information on the Powered By Angus program, visit:
Angus.org/PBA.

Commercial Heifers

This year we are offering commercial and registered heifers at auction for the first time in several years. We will begin with 25 open commercial heifers, selling in groups of five. They are home-raised from our registered cowherd, giving commercial producers the opportunity to purchase our genetics without competing with registered breeders. Though they sell without papers, each heifer has been registered and have their genetic information listed to document quality.

Selling next will be 10 elite spring born registered open heifers. Featured here are some of the oldest daughters of KA Kindred and Henke Historic to sell anywhere. They are loaded with unique genetics that bring together the best of calving ease, performance, and carcass merit in a consistent maternal type that isn't available for sale often.

Rounding out the offering are 43 top-end registered fall bred heifers. These girls have jumped through all the hoops for quality and performance, with many bred to the newly acquired \$240,000 ABS top seller, KCF Bennett Legacy. These heifers have been ultrasound pregnancy examined by Dr. Joel Anderson, Cross Country Genetics North, and sell guaranteed pregnant to the breeding date. The arithmetic is right, and there are many future donor prospects with herd building quality in this group. All heifers descend from our 40+ year one-iron cowherd that is many generations deep in goal oriented selection for all the traits of economic importance!

Service Sires

Legacy is the record \$240,000 high selling bull from Knoll Crest Farms to the ABS bull stud. He is a heavy muscled, calving ease bull with top 10% rankings for CED, Yearling Weight, foot quality, carcass weight, marbling, and ribeye. His dam is a Pathfinder with a 105 ratio on 3 calves and bred first service each year with 362 day calving interval. The heifers selling guaranteed safe to Legacy will produce some of his first born calves. ABS

Connealy Commerce

Commerce 345 lays the groundwork for super easy heifer calving with a top 3% CED at +15, yet comes in with a superior yearling weight and carcass quality backed by a ribeye area EPD in the top 2% of the breed. Connealy Commerce has stamped his progeny with an abundance of body capacity and base width to complement their structural soundness and ease of movement. Top 5% \$Maternal with top 10% \$Combined.

Few sires in our history have exceeded our progeny expectations like Historic. Historic bull and heifer progeny are dominating our sire groups with respect to calving ease and superior performance, foot quality, disposition, and structural soundness. His projections for carcass merit along with teat and udder quality seamlessly blend a total package value rarely seen in current Angus sires. He ranks in the top 10% or higher for \$Maternal, \$Beef, and \$Combined.

FAMILY

ANGUS. ONLY ANGUS.

There's only one DNA profile created specifically for Angus cattle.

Angus GS™ is the new standard in genetic testing for Angus cattle. Created by Angus Genetics, the profile is purely Angus DNA. So it will have better predictability and deliver more power and accuracy than any previous generation genomic enhanced EPD, and at greater value. Visit angus.org/agi for the test that only Angus Genetics could create.

FOR ANGUS. BY ANGUS.

ANGUSGS
Powered by Neogen GeneSeek

AngusGS genomic DNA test results are ranked on a 1 to 99 score for each individual trait measured. Scores are typically based on a score of 1 being the highest ranking for the trait and 99 being the lowest. As an example for CED (Calving Ease Direct) and CEM (Calving Ease Maternal), a score of 1 would indicate the very easiest calving with a score of 99 being the most difficult calving. In the performance traits of WW (weaning wt.) and YW (yearling wt.) a score of 1 would translate to the heaviest weight and a score of 99 would be the lightest weight. A score of 1 with MILK would indicate heaviest milking and 99 would be lightest milking. In the carcass measurement traits of MARB (Marbling) and RE (Ribeye Area) a score of 1 would be most desirable and 99 least desirable. With TEND (Tenderness), a score of 1 would indicate a most tender meat end product.

Video Sale Format

Here's how the 2026 Stucky Ranch auction will work:

- * All sale animals will be on display for viewing starting at 10 a.m. sale day. You are also very welcome to come to the ranch headquarters to view the sale animals any time in the days prior to the auction.
- * No animals will be brought through the sale ring... rather every lot will sell via a pre-recorded video clip broadcast on TVs placed in the sale ring area.
- * The live audio feed and pre-recorded video clip of each sale animal will be broadcast on DV Auction (www.dvauction.com) for buyers unable to attend the sale. (High speed internet required.)
- * The pre-recorded video of each sale animal will be available for viewing on our website March 1.

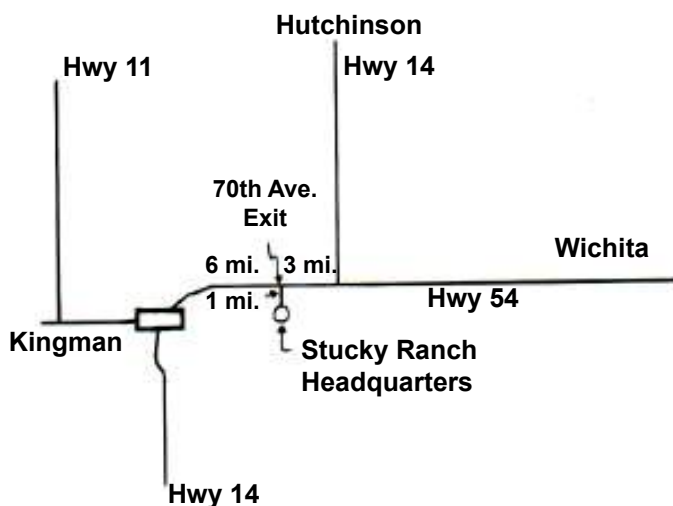

DELIVERY & DISCOUNT

Bulls will be delivered to your ranch, free of charge, anywhere in Kansas and the bordering states of Oklahoma, Missouri, Nebraska, and Colorado. Bulls purchased outside of this area will be delivered to your ranch or a reasonable drop off point FOB. Four bulls or more purchased by one buyer will receive a 5% discount off the total sale price. Pick up your bulls on sale day and receive a \$25 per bull discount.

A purchase of 10 or more heifers by one buyer will earn free delivery anywhere in Kansas and bordering states. A purchase of 10 or more heifers by one buyer will also earn a 5% discount off the total sale price. Purchases of less than 10 head of heifers to one buyer will be delivered to your ranch or a reasonable drop off point FOB.

Directions:

421 NE 70 Avenue, Kingman, KS
Stucky Ranch is located 6 miles east of Kingman on US Highway 54 to the 70th Avenue Exit, then one mile south. Signs will be posted sale day.

This sale will be broadcast live on the internet.

DVAuction
Broadcasting Real-Time Auctions

Tami McIntosh from DV Auction

We are pleased to offer the Stucky Ranch Annual Production sale broadcast "live" over the Internet through DV Auction Services. To bid from your computer at home during the sale, complete this simple two step process:

- 1) Visit the DV Auction web site at www.dvauction.com. Register by entering a User Name and Password. Then enter your personal information on the next screen.
- 2) Click on "My Profile" and fill out the banking and lending information requested. Click on "Apply to Bid" and select "Stucky Ranch Annual Production Sale" from the list of sales and click "Apply".

DV Auction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home. We will also provide you with a buyer number for the sale.

After the sale Gordon Stucky will invoice you for payment of your on-line purchases. Payment will be required before cattle will be delivered.

You must have high speed internet access (DSL, T-1, or Broadband) to be able to bid during the sale. Any questions, please contact Tami with DV Auction at (308) 870-3661. We recommend that you register by March 10, 2026 for on-line bidding on the Stucky Ranch sale.

MATERNAL FUNCTION AND CARCASS MERIT.

THE PERFECT PAIR.

Marbling is the No. 1 reason cattle don't make the *Certified Angus Beef*® brand.
Achieve top maternal performance in tandem with improved carcass traits.
